Experience

Front End Developer - FundExpert by Kotak Securities

(09/ 2023 - Present)

- Implemented **Manual Stocks module**, seamless add and manage stocks, with a user-friendly interface for tracking investments displayed on their personalised portfolio page.
- Pioneered the development of a **Mutual Fund Central (MF) central platform** accessible through on both web and app. Facilitating external transaction requests directly through OTP Validation for enhanced security and convenience.
- Facilitated the successful integration and implementation of **Kotak Group Health Insurance**, optimising the benefits and coverage for employees and ensuring a seamless healthcare insurance experience.
- Led the enhancement of the **DSA (Direct Selling Agent) journey** for IFAs (Independent Financial Advisors) to receive payouts for Third-Party Products (TPP), transitioning from an offline process to a streamlined online platform.
- Successfully executed the digital integration of **Bajaj Corporate Fixed Deposits**, providing a user-friendly online platform for streamlined investment processes and improved customer experience.
- Technologies used : **HTML5 | CSS | Bootstrap | Angular JS | Tailwind CSS | Figma | Git**

Front End Developer Intern - FundExpert by Kotak Securities

(06/ 2023 - 09/2023)

- Built the onboarding pages of Kotak Konnect and FundExpert.
- Solid understanding of **two-way data binding, controllers, services, directives** and **routing** in **Angular Js**.
- Experienced in building dynamic web applications with a focus on user interaction and efficient data management.
- Learnt **SEO performance, server side rendering, state management system and react hooks**.
- Technologies used : **HTML5 | CSS | Bootstrap | React JS | Next.js | Angular JS | Tailwind CSS | Figma | Git**

Full Stack Web Developer Trainee - KriS' School of Web

(12/ 2022 - 05/2023)

- Learnt the web development fundamentals like **HTML5, CSS3** and **JavaScript**.
- Experience with front-end libraries & frameworks such as **React** and **Bootstrap**, also web development tools.
- Built a **Personal Portfolio** website and executed an **E-commerce Redux** project, showcasing technical skills in web development and project management.
